Index to Civil Engineering

JANUARY-DECEMBER 1954

Subject Index

AERIAL PHOTOGRAPHY

- "Jungle no barrier to aerial mappers of Cerro Bolivar," Thomas C. Otfelie . . . 457

AGGREGATES

- "Barytes aggregate and grout intrusion method used in shield for materials testing reactor," Lewis Narrow . . . 292
 "Entrained air benefits lightweight aggregate concrete," Francis J. Mardulier . . . 24
 "Good concrete made with coral and sea water," D. Lee Narver . . . 654
See also Concrete

AIR BASES

- Contract given for Labrador air base . . . 480

AIRPORTS

- "Concrete overlay on airfield pavement solves problem of heavier aircraft," H. R. Hallock . . . 664
 "Philadelphia's International Airport mirrors design progress," Samuel S. Baxter . . . 587

ALUMINUM

- Aluminum industry sets new production record . . . 698
 New records set in 1953 . . . 120
 New Texas aluminum works starts operation . . . 411

AMERICAN SOCIETY OF CIVIL ENGINEERS

Awards and Prizes

- Announced by Board . . . 408
 Freeman Fellow finds interesting hydraulic activity abroad . . . 309
 Freeman Fellowship for 1954 is announced . . . 43
 Freeman Fund Fellowship open . . . 319
 John Fritz Medal awarded to Harry Alonzo Winge . . . 748
 Hoover Medal awarded to Alfred P. Sloan, Jr. . . . 748
 Daniel W. Mead Prize contest open . . . 612
 Daniel W. Mead Prizes given to Alfred E. Waters, II, and William H. Blackmer . . . 820
 Middlebrooks Memorial Fund established . . . 614
 J. Waldo Smith Fellowship to Gunnar Sigurdsson . . . 612
 To be awarded at Convention . . . 608

Badges

- Jewelry for sale . . . 322

Ballots

- Tellers canvass ballot for 1955 ASCE officers . . . 545, 688

Bid Practice

- ASCE action on competitive bidding approved . . . 680
 "Competitive bidding for professional services not in the public interest," William N. Carey . . . 296
 Competitive bidding opposed in Board action . . . 177
 Competitive bidders suspended by Board Discussion against bidding, by Wallace C. Penfield . . . 541
 Professional ethics hearing . . . 469
 Protest against bidding for engineers' services rejected by S. C. Highway Department . . . 395

Board of Direction

- Actions at Atlantic City briefed . . . 467
 Actions at New York Annual Convention briefed . . . 745
 Actions at Atlanta briefed . . . 176

Budget

- A record for 1953 . . . 828
 Committee recommendations adopted . . . 746

CIVIL ENGINEERING

- 1953 index ready . . . 107
 Receives 1954 Award of Merit . . . 481

ISSUE
1954

PAGE
NUMBERS

January	1-68
February	69-140
March	141-212
April	213-282
May	283-358
June	359-434
July	435-504
August	505-566
September	567-646
October	647-708
November	709-763
December	763-848

Code of Ethics

- "A hard look at engineering ethics," Mason G. Lockwood . . . 316

Collective Bargaining

- ASCE labor statement endorsed by AGC . . . 842
 Collective opinion of members . . . 317
 Requires group action . . . 320
 Rights of employee stressed in ASCE-AGC discussion . . . 544
 "What about collective bargaining?" Charles W. Yoder . . . 591

Committees

- ASCE Committee on sedimentation sponsors conference . . . 833
 Board confirms new committee personnel . . . 830
 Committee on Engineering Education reports on ASCE committee report . . . 109
 Discussion by Samuel B. Folk . . . 249

Constitution

- Index available . . . 179

Dues

- Ballots for dues increase mailed . . . 316
 Ballot on dues increase authorized at Atlanta Convention . . . 174
 Dues increase ballot carried by 1,009 votes . . . 469

Employment Conditions

- Questionnaire on Employment Conditions, 1953, analyzed . . . 320

Engineering Societies Building

- Advantages of Manhattan studied . . . 397
 New Engineering Societies Center Building studied . . . 826
 Philadelphia wants Engineering Societies Center . . . 470
 Where should the Engineering Societies Center be located? . . . 323

Honorary Members

- To be inducted at Annual Convention . . . 606

Insurance

- More benefits offered in ASCE Group Disability Plan . . . 471

Joint Activities

- Guide issued by Joint Committee of Design Professions . . . 547

Junior Members

- Conference of, sponsored by Virginia Section . . . 181

Local Sections

- Austin Branch host to Hydraulics Division meeting Sept. 8-10 . . . 406
 Brazil Section members visit hydroelectric project . . . 41
 Cleveland Section is host to District 9 Council . . . 547
 Colorado Section reports on Denver subsoils . . . 618
 District 14 Council meets in St. Louis . . . 179
 Hawaii Section's all day meeting . . . 43
 Junior Forum in Los Angeles active . . . 548
 Handbook of Local Section operations issued . . . 317
 Intermountain Section host to ASCE Irrigation and Drainage Conference, Salt Lake City, Sept. 9-11 . . . 680
 New England Council has first meeting . . . 321
 New England Sections plan March 20 meeting . . . 107
 Pacific Northwest Conference in Spokane . . . 255
 Pacific Southwest Conference, April 28-May 1 . . . 107, 181, 251
 Structural Division and Kansas City Section, Structural Conference, May 13-14 . . . 253
 Tennessee Valley Section holds annual meeting . . . 46
 Texas holds spring meeting . . . 106
 Texas Section holds fall meeting in Houston . . . 750
 Texas Section's Austin Branch host to Hydraulics Division Meeting, Sept. 8-10 . . . 689
 Texas Section sponsors first Pipeline Conference, Apr. 9-10 . . . 179
 Virginia Section host to District 6 Council . . . 618
See also Notes from the Local Sections in each issue

Manuals

- Corrections for Manual No. 31 . . . 41
 Ground Water Committee plans hydrology manual . . . 470
 Manual No. 34, *Definitions of Surveying, Mapping and Related Terms*, issued . . . 616
 Society's Cost Control Manual released . . . 321

Meetings

- ASCE problems studied at large West Coast Conferences . . . 394
 Annual Convention, Oct. 18-22 . . . 543, 606, 683, 742
 Activities described . . . 594
 Program . . . 594
 Atlanta Convention, Feb. 17-19 . . . 40, 62, 174
 Activities described . . . 33
 Program . . . 310
 Atlantic City Convention, June 15-18 . . . 250, 316, 465
 Activities described . . . 310
 Program . . . 310
 General business meeting called for Feb. 17 . . . 40
 Irrigation conference scheduled for Sept. 16-17 . . . 397
 San Diego Convention, Feb. 9-11 . . . 825
 Activities described . . . 819
 Program . . . 819

Membership

- New membership roster must be requested . . . 106
 Roster for 1954 free on request . . . 40

Officers

- New officers to be inducted at Annual Convention . . . 685

Presidents

- W. R. Glidden's inaugural address . . . 716
 Past-President E. M. Hastings dies . . . 832

PROCEEDINGS			
More free Proceedings Separates to be distributed	616	AEC releases complete canned pump information	552
Price of Separates folder increased	255	AEC sphere for testing submarine prototype engine	118
Proceedings Separates listed	119, 111, 131, 127, 131, 127, 123, 119, 131, 127, 123, 119 (page nos. in each issue, Jan-Dec respectively)	Atomic power station to be built near Pittsburgh	479
Salaries & Fees		"Barytes aggregate and grout intrusion method used in shield for materials testing reactor," Lewis Narrow	292
"Supplemental survey of salaries for civil engineering positions"	243	City planners discuss zoning for atomic energy plants	831
"The young engineer looks at his economic position," report of Salary Committee, Junior Forum, Los Angeles Section	729	"Development of nuclear power for peaceful purposes," Henry D. Smyth	224
Staff		Duquesne Light Co. to build atomic power plant	263
Carl E. Beam retires	106	EJC urges more use of engineers in atomic department	397
Eleanor H. Frick, former office manager, dies	831	First atomic-powered submarine is launched	189
W. H. Wisely to succeed W. N. Carey as ASCE Executive Secretary	718	Fort Belvoir to have package power reactor	697
Student Chapters		Heavy-particle accelerators authorized at two colleges	555
Honored for excellence	399	Huge accelerator at Brookhaven	118
North Central Conference of Student Chapters Apr. 14-16	179	"Moving 1,300-ton atomic power plant," Daniel J. Harrows	802
Regional spring conferences mark end of Student Chapter year	398	Nuclear engineers and scientists form society	755
Southeastern Student Conference at Georgia Institute of Technology	255	Nuclear Notes:	
Technical Divisions		I. Role of the civil engineer	339
Austin Branch host to Hydraulics Division meeting Sept. 8-10	406	II. Tracer applications	415
Circulate news letters	326	III. Structure of the atom	482
City Planning Division schedules all-day meeting in Lehigh Valley	684	IV. Nuclear particles and rays	558
Construction Division forms survey committee	400	V. Natural radioactivity (Part I)	625
Construction Division, pipeline constructors meet at Midland, Tex., Apr. 9-10	322	VI. Natural radioactivity (Part 2)	699
Construction Division's Pipeline Committee schedules conference	106	VII. Nuclear reactions	758
Engineering Mechanics Division plans news letter	400	VIII. Neutron reactions and fission	844
Hydraulics Division Meeting program Sept. 8-10, Austin, Tex.	539	Powerful proton accelerator is placed in operation	334
Hydraulics Division to meet in Austin, Tex., Sept. 8-10	326	Radiation exposure from radiant heating	839
Irrigation conference scheduled for September 10-17	397	Small nuclear power plant developed for military use	265
New endeavors revealed at Chicago Conference, Aug. 12-13	614	Westinghouse builds atomic equipment plant	191
Sanitary Engineering Division discusses certification of sanitary engineers	832	AWARDS AND PRIZES	
Structural Conference held in Kansas City, May 13-14	396	ASTM award to honor memory of F. E. Richart	339
Structural Division and Kansas City Section, Structural Conference May 13-14	253	Essay contest for young engineers announced	53
Texas Section's Austin Branch host to Hydraulics Division Meeting, Austin, Tex., Sept. 8-10	689	Photogrammetric Award to R. E. Haggenhoff	321
TRANSACTIONS		Two contractors receive Moles' construction awards	188
Available for 1953	40	Thomas J. Walsh and Carl B. Jansen, winners of 1955 Moles awards	843
Available for 1954	833	Washington Award to Lilbun Gilbreth	319
AMERICAN SOCIETY FOR ENGINEERING EDUCATION		See also ASCE Awards and Prizes	
Need for more and better trained engineers stressed at annual meeting of ASER	554	BEAMS	
Report of Committee on Evaluation of Engineering Education summarized and evaluated	109, 110	"Continuity—asset or liability?" Anthony Hoadley	462
Discussion by Samuel B. Folk	249	Discussion by Norman B. Jones	605
AMERICAN SOCIETY FOR TESTING MATERIALS		Discussion by T. R. Higgins	681
ASTM approves 65 new standards at annual meeting	552	Discussion by Ralph W. Stewart	682
ASTM Award to honor memory of F. E. Richart	339	Discussion by Marvin A. Larson	682
ASTM Committees advance work on standards	120	"Continuous beams analyzed by slope increments," F. A. Wallace	816
Starts wood pole research program	190	"Monographs for rapid design of bearing plates," I. T'an Yu	172
AMERICAN STANDARDS ASSOCIATION		"Stirrup spacing in beams rapidly determined," Jack Moyse (Oct. '53)	105
Installation standards for construction work to avoid jurisdictional disputes	697	Discussion by Robert A. Hoff	105
AQUEDUCTS		Correction by Jack Moyse	249
USBR awards contract for Davis Aqueduct	625	Discussion by Ward M. Dobbin	249
ATOMIC ENERGY		Discussion by Allen H. Brownfield	392
AEC approves new power reactor study	553	"Stirrups spaced by simple methods," Sven G. Roelblad	679
AEC approves nuclear power study by TVA	118	BID PRACTICE	
AEC authorizes new power reactor study	754	See ASCE Bid Practice	
AEC contract to expand Idaho Reactor Testing Station	416	BOLTS, HIGH-STRENGTH	
AEC gaseous diffusion plant, Portsmouth, Ohio—symposium		"A million and a half high-strength bolts speed up steel erection at AEC Portsmouth plant," H. H. Nicholson	521
"Pike County site prepared," David J. Brumley	510	BRICK	
"OVEC steam plants furnish 2,200,000 kw," Philip Sporn, H. A. Kammer	516	Brick and tile industry to have research center	696
Correction by H. A. Kammer	605	"Reinforced brick masonry chosen for California V. A. hospital," Roy E. Guard	668
"A million and a half high-strength bolts speed up steel erection," H. H. Nicholson	521	Discussion by C. J. Derrick	817
		BRIDGES	
		AISC awards prizes for beautiful bridges opened to traffic in 1953	753
		Anti-glare panels on Raritan River Bridge	696
		Bridge across Peapack Reservoir, N.V., nears completion	838
		Bridge at Delaware Water Gap is opened to traffic	116
		"Bridge design guided by esthetics as well as function," E. W. Wendell (Nov. 1953)	464
		Discussion by author	839
		Contract for Hampton Roads crossing let	620
		Contract let for Delaware River Bridge superstructure	194
		Contract let for piers for Newark Bay bridge	554
		Deck truss bridge to span Hudson near Kingston, N.Y.	249
		Discussion on error in AASHTO bridge specifications, Herbert A. Sawyer, Jr.	
		Duwamish River Bridge contract awarded	56
		"Fifty-year dream nears reality" (Mackinac Straits Bridge), C. H. Gronquist	229
		"Fixed bents for Texas highway bridge," Randle B. Alexander	454
		"High-level cantilever bridge spans Savannah River," Alfred Hedefine, Thomas R. Kuesel	376
		"Hollow precast concrete units of great size form bridge substructure" (Richmond-San Rafael Bridge), Ben C. Gerwick	235
		Huge haunch girders placed in Raritan River Bridge	334
		Long prestressed concrete bridge spans Danube Valley	415
		Modernization of Brooklyn Bridge completed	412
		New projects to relieve Golden Gate Bridge traffic	621
		Portable Army Bridge	119
		Prestressed concrete bridge to span Lake Pontchartrain	621
		San Marcos Bridge (El Salvador)—a symposium	
		"A prophetic design in an out-of-the-way place," Blair Birdsall	574
		"Cable-truss" design greatly increases stiffness," Norman J. Sollenberger	576
		"Anchorage excavation tests versatility of wellpoints," Byron J. Prugh	580
		"Cable erection complicated by floods and tropical climate," H. W. Hills	582
		"Construction methods adapted to local labor," John E. Nixon	584
		Tampa Bay Bridge is opened to traffic	693
		Ten-mile Savannah River Bridge project is dedicated	752
		Work progresses on Harlem River twin-lift bridge	188
		See also Concrete, Precast and Prestressed	
		BUILDING CODES	
		Building construction code for multiple dwellings	191
		"Performance type of building code gives scope for engineering ingenuity," Edward J. McGrew, Jr.	509
		BUILDINGS	
		Aluminum facing placed in less than ten hours	482
		Building researchers to study modular measure	755
		"Concrete and steel framing combined in wide-open bank building" (for Manufacturers Trust Co., New York), Walter H. Weiskopf and John W. Pickworth	240
		Construction pushed on unique Chicago skyscraper project	844
		Contract given for new Ford building	413
		Corlears Hook Apartment Project, New York—symposium	
		"Compressed concrete pedestal piles form foundation," J. H. Colarusso	783
		"Reinforced concrete building 20 stories high," Maurice Barron, Nicholas Parkas	788
		"Denver Club Building incorporates latest structural features," J. A. Crowley	507
		"Derrick hoisted forms save time and money," M. J. Colarusso	16
		"Fast precasting schedule for record-size Marine Corps warehouses at Albany, Ga.," John A. Dominy, Charles C. Zollman, Hemon Pearce	525
		Hartford Statler makes first use of metal-glass walls	263
		"Heavy building and crane loads carried by 100-ft. K-trusses" (Wyman Gordon plant at North Grafton, Mass.), James R. Kelsey, Frederick T. Comstock, Jr.	718
		"Long-span prestressed concrete beams used in Army field house" (Germany), Robert E. Snetzer	217
		Discussion by Mr. Snetzer	393
		Discussion by Uno Kula	393
		Discussion by Myle J. Holley, Jr.	542
		Discussion by Edward C. Holt, Jr.	542
		"Materials combined to advantage—concrete in compression, steel in tension" (in Raleigh, N.C. Livestock Judging Pavilion), Fred N. Severud	152
		New York City to have convention hall	51
		"Nine-story prestressed concrete building erected in Germany," Gustave P. Magne	796
		Precast semisphere building at Longview, Tex.	194
		"Precast and prestressed members form skeleton of multi-story office building," Fritz Kramirsch	22
		"Reinforced brick masonry chosen for California V. A. hospital," Roy E. Guard	668
		Discussion by C. J. Derrick	817
		Socony-Vacuum Building to be erected in New York	335
		Structural pipe used for plant addition	52
		"Thin-shell arch selected for Denver Coliseum," Anton Tedesko	448
		See also Floors	
		BUREAU OF STANDARDS	
		Upheld in battery additive tests	50

CABLES

- "Cable erection for San Marcos Bridge in El Salvador complicated by floods and tropical climate," H. W. Hills . . . 582
"Cable-truss" design greatly increases stiffness for San Marcos Bridge in El Salvador," Norman J. Sollenberger . . . 576
Correction by author . . . 682

CANALS

- "The Panama Canal problem," report to Congress by 15 engineers and others . . . 460
Discussion by Ole P. Erickson . . . 680
"Sloping sill sand screens exclude silt from Egyptian irrigation canals," Serge Lehavsky . . . 170
Discussion by Harold Tulis . . . 391
Closure by Mr. Lehavsky . . . 605

CAUSEWAY

- Causeway to connect Nova Scotia and Cape Breton . . . 117

COAL RECOVERY

- "Six million dollar plant recovers fine coal from Susquehanna River," Paul Levin, D. I. Smith . . . 435
Discussion by R. T. Lassiter . . . 541
Discussion by A. Casagrande . . . 604

COLLECTIVE BARGAINING

- "Forced to join a union? It can happen to you," L. Stewart McCoy . . . 453
Discussion by Francis G. Yates . . . 604
See also ASCE, Collective Bargaining

COLUMNS

- Column encasement placed by pumping method . . . 31
"Nomographs for rapid design of bearing plates," I. T. An Yu . . . 172
"Reinforced concrete columns quickly designed by chart," R. L. Sanks . . . 603

COMPETITIVE BIDDING

- AICE opposes bidding on price basis . . . 817
"Competitive bidding for professional service not in the public interest," William N. Carey . . . 296

CONCRETE

- ACI celebrates golden anniversary with Denver meeting . . . 261
Column encasement placed by pumping method . . . 31
Concrete withstands ravages of twenty centuries . . . 53
"Entrained air benefits lightweight aggregate concrete," Francis J. Mardulier . . . 24
"Good concrete made with coral and sea water," D. Lee Narver—I. Coral for aggregate . . . 654
"H. Sea water for concrete . . . 725
N.Y. Concrete Industry Board acts to improve concrete . . . 411
N.Y. Concrete Industry Board dines at bottom of Hudson . . . 479
"Reinforced concrete buildings 20 stories high in Corlears Hook Project, New York," Maurice Barron, Nicholas Parkas . . . 788
Rolled wire fabric used on asphaltic concrete job . . . 418
"Roof of vermiculite concrete poured on insulation board" . . . 380
"Simplifying compression reinforcing design," Jack Moyse . . . 217
Discussion by Norman B. Jones . . . 164
"Stirrups spaced by simple methods," Sven G. Roehlad . . . 679

CONCRETE, PRECAST

- "Fast precasting schedule for record-size Marine Corps warehouses at Albany, Ga.," John A. Dominy, Charles C. Zollman, Henon Pearce . . . 525
"Hollow precast concrete units of great size form bridge substructure" (Richmond-San Rafael Bridge), Ben C. Gerwick . . . 235
"Precast and prestressed members form skeleton of multi-story office building," Fritz Kramisch . . . 22

CONCRETE, PRESTRESSED

- "Long span prestressed concrete beams used in Army field house" (Germany), Robert E. Snetzer . . . 217
Discussion by Mr. Snetzer . . . 393
Discussion by Uno Kula . . . 393
Discussion by Myle J. Holley, Jr. . . . 542
Discussion by Edward C. Holt, Jr. . . . 542
"Materials combined to advantage—concrete in compression, steel in tension" (in Raleigh, N.C. Livestock Judging Pavilion), Fred N. Severud . . . 152
"Nine-story prestressed concrete building erected in Germany," Gustave P. Magne . . . 796
"Precast and prestressed members form skeleton of multi-story office building," Fritz Kramisch . . . 22

- Prestressed concrete bridge to span Lake Pontchartrain . . . 621
Prestressed concrete experts confer in Toronto . . . 192
"Prestressed deck proves cheapest for new Hoboken pier," Theodore O. Blaschke, David A. Hopkins . . . 91
"Prestressing rehabilitates concrete water tank," Alfred J. Ryan . . . 446

CONCRETE, THIN-SHELL

- Thin concrete shells studied at MIT conference . . . 556
"Thin-shell arch selected for Denver Coliseum," Anton Tedesko . . . 418

CONSERVATION

- Resources of U.S. studied at Conservation Conference . . . 50

CONSTRUCTION COST

- "Cost index developed by California Division of Highways proves its value," Richard H. Wilson . . . 82
"Standard proposed for indicating the precision of construction cost estimates," George Wrigley, Jr. . . . 150

CONSTRUCTION EQUIPMENT

- All-track vehicles for use in muskeg areas . . . 560
Big machines speed work on AEC Portsmouth plant . . . 118
Big shovel digs in on West Virginia Turnpike project . . . 558
Caterpillar steps up power of new standard models . . . 844
Caterpillar Tractor builds new plant at Decatur, Ill. . . . 843
Caterpillar Tractor to have new plant . . . 338
Company formed to make concrete pipe and piles . . . 479
Construction equipment to be leased by Clark Co. . . . 621
Crossing muskeg then and now, discussion, Bob Co. and Oliver United Filters merge . . . 680
Industry meets in New York . . . 755
International Harvester to expand its line . . . 116
Marion Power Shovel Co. acquires Osgood Co. . . . 552
Modern machines speed Ohio Turnpike work . . . 839
New track type tractor features twin diesel engines and high horsepower . . . 754
"Power cranes and shovels—I. Capital investment and work capacity," E. O. Martinson . . . 806
"Small delays—a big problem on highway construction jobs," Fred B. Farrell . . . 161
Something new on wheels—the Rhino . . . 696

CONSTRUCTION INDUSTRY

- AGC holds 35th Annual Convention . . . 265
ASCE labor statement endorsed by AGC . . . 842
AGC nominates new officers and takes action on industrial problems at mid-year meeting . . . 756
Bidding competition stiff on Long Island . . . 625
"Construction—the engineer's challenge," Carl B. Jansen . . . 793
Merritt-Chapman & Scott acquires Canadian company . . . 754

CONSTRUCTION METHODS

- "A contractor reviews his headaches at Clark Hill Powerhouse," W. A. Giddings . . . 158
"Construction methods adapted to local labor on San Marcos Bridge in El Salvador," John E. Nixon . . . 584
"Construction problems are mainly concerned with public relations" (on Atlanta Freeway), B. P. McWhorter . . . 147

CONSTRUCTION VOLUME

- Another record building year predicted for 1955 . . . 752
Commercial building boom forecast for 1954 . . . 334
Construction activity sets new record in 1953 . . . 119
High construction levels forecast for 1954 . . . 53
Current activity reported . . . 191, 260, 345, 412, 478, 553, 622, 695, 754
Record high construction levels forecast for 1954 . . . 555

CORPS OF ENGINEERS, U.S. ARMY

- Army consolidates its Division offices . . . 480
Army Engineers complete 190 military projects . . . 190
"Buford Dam—Corps of Engineers builds multi-purpose construction near Atlanta, Ga.," Carl E. Bentzel . . . 164
"Buford Dam—Features of chief construction interest," Charles A. Jackson, Jr. . . . 167
Contract given for Labrador air base . . . 480
New Army Civil Works authorized . . . 696
Portable Army bridge . . . 119
To build Signal Corps station in Eritrea . . . 840
Waterways Experiment Station observes 25th anniversary . . . 481

CORROSION

- "Borax solutions found to inhibit rusting," Fred W. Blaisdell . . . 537

CORRUGATED SHEETS

- "Sectional properties of corrugated sheets determined by formula," Don S. Wolford . . . 103

CUTOFFS

- "Navigation maintained during construction of Smithland Cutoff and Levee" (on Black River), W. H. Holland . . . 90

DAMS

- African dam to go into operation . . . 336
"Buford Dam—Corps of Engineers builds multi-purpose construction near Atlanta, Ga.," Carl E. Bentzel . . . 164
"Buford Dam—Features of chief construction interest," Charles A. Jackson, Jr. . . . 167
Congress on Large Dams to be held in Paris in 1955 . . . 546
"Connell Dam provides water supply for Alaska's first pulp mill," William D. Shannon, William L. Shannon . . . 359
Engineer Board approves Warrior River reservoirs . . . 337
"Faulted foundation complicates construction of Folsom Dam," F. Kochis, Horace A. Johnson . . . 659
Fort Randall Dam produces first power . . . 336
"Foundation difficulties and high water overcome at St. Anthony Falls Dam and Lock on Mississippi," Duane R. Cady . . . 505
Papers for Fifth Congress on Large Dams due soon . . . 179
"Preliminary sections determined for concrete gravity dams," David D. Congleton . . . 390
Author's correction . . . 542
Discussion by Gurmukh S. Sarkaria . . . 818
Author's comments . . . 818
Steel forms speed concreting on Chief Joseph Dam . . . 411
U.S. firms receive Australian dam contract . . . 410

DEFENSE PROGRAM

- Alaska defense construction is 70 percent complete . . . 52
Industrial College of Armed Forces invites participation . . . 337
"The pipeline carries the punch," S. D. Sturgis, Jr. . . . 811
Three contractors to build Spanish bases . . . 119

DIKES

- "Dutch close tidal breach at Ouwerkerk," Ira A. Hunt, Jr., A. Volker . . . 647

DREDGING

- Mighty dredge launched in Canadian waters . . . 750
"Navigation maintained during construction of Smithland Cutoff and Levee" (on Black River), W. H. Holland . . . 90
Perini buys Bay State Dredging & Contracting Co. . . . 621

DRILLING

- Offshore drilling platform developed for tidelands oil prospecting . . . 699

ECONOMICS OF ENGINEERING

- "Small delays—a big problem on highway construction jobs," Fred B. Farrell . . . 161

EDUCATION

- "American engineers can learn much from the French," discussion by Louis Aelred Volse . . . 741
Engineering registration at M.I.T. reported high . . . 52
"Inadequate pre-college training imperils nation's future," S. D. Sturgis, Jr. . . . 299
International Road Educational Foundation set up . . . 557
See also American Society for Engineering Education, Awards and Prizes, Engineers Council for Professional Development, Fellowships, and department "New in Education"

EMPLOYMENT

- Discussion of compensation for engineers working in Middle East, E. A. Abdun-Nur . . . 308
See also department, "Positions Announced"

ENGINEERING EDUCATION

- EUSEC Conference studies engineering education . . . 829

ENGINEERING FOUNDATION

- Research in structural joint design reported . . . 107

ENGINEERING MANPOWER

- See Engineers Joint Council

ENGINEERING SOCIETIES

- AEE elects new officers . . . 479
Electrical Engineers name N. S. Hibshman secretary . . . 410
Guide issued by Joint Committee of design professions . . . 547

Males elect new officers	411
San Diego Engineering Council has active year	546
ENGINEERING SOCIETIES LIBRARY	
Bibliography on filing for engineering offices	471
ENGINEERING TRUSTEES, INC.	
See ASCE, Engineering Societies Building	
ENGINEERS COUNCIL FOR PROFESSIONAL DEVELOPMENT	
Awarding of professional degrees studied by ECPD	623
Five Cincinnati Societies aid development program	252
Issues revised booklet on engineering	690
Report issued	111
ENGINEERS AND ENGINEERING	
Book "Billings and Water Power in Brazil," recommended in discussion by A. P. Greensfelder	173
Cleveland to have Engineering Center	256
New "Who's Who in Engineering" is out	336
ENGINEERS JOINT COUNCIL	
"A concept of unity and a look at the past," Thomas A. Marshall, Jr.	364
Annual Report for 1953 available	319
Changes constitution	546
Changes in staff announced	397
"Contributions of EJC on a profession-wide basis," Thomas A. Marshall, Jr.	444
EJC and Edison Foundation study engineer shortage	833
"EJC geared for fast action"	530
Engineering Scientific Manpower Agencies back Appleby report	252
Issues study of income of engineers	400
Officers for 1954 appointed	111
Reports St. Lawrence River Joint Board contains only one engineer	470
Schedules general banquet and assembly	833
To work more closely with national manpower group	111
Urges more use of engineers in atomic developments	397
Urges reconsideration of Upper Colorado Project	469
EXPLOSIVES	
"Reinforced concrete culvert pipe cut by explosives"	813
FELLOWSHIPS	
Fellowships in jet propulsion available	53
FILMS AVAILABLE	
Hydraulics research film available	120
See also department, Films Available	
FLOORS	
Weight-saving floor construction used in Denver skyscraper	337
FLUID MECHANICS	
See Hydraulics	
FOREIGN ENGINEERING	
African dam to go into operation	336
Arabian engineers hold Fifth Conference	412
British Columbia power project starts operation	339
Canadian construction company established	410
Discussion of compensations for engineers working in Middle East, R. A. Abdun-Nur	308
"Dutch close tidal breach at Ouwkerk," Ira A. Hunt, Jr., A. Volker	647
Ecuador gets International Bank funds for road program	188
Engineering study of Jordan Valley extended	117
"Ethiopia—land of promise," Perry A. Fellows	283
"High-type sanitary facilities provided in Venezuelan wilderness," Carl A. Arenander, Daniel A. Okun	220
Japanese dike destroyed by typhoon	122
Jungle an barrier to aerial mappers of Cerro Bolivar," Thomas C. Offelie	457
Major Brazilian contract goes to New York firm	263
New Canadian projects spotlighted at EIC annual meeting	416
Prestressing reduces cost of Belgian hangar project	51
Puerto Ordaz ore-handling system now in operation	414
Three contractors to build Spanish bases	119
U.S. firms receive Australian dam contract	410
U.S. firm to build large Venezuela power plant	412
FORMS	
"Derrick hoisted forms save time and money," M. J. Colarusso	16
"Fixed bents for Texas highway bridge," Randle B. Alexander	454

FOUNDATIONS

"Compressed concrete pedestal piles form foundation for Corleau Hook Apartment Project, New York," J. H. Thornley	783
"Design of continuous foundation still demands engineering judgment," Thomas H. Dale, Jr.	245
"Moving 1,300-ton atomic power plant," Daniel J. Barrows	802

GARAGES

Chicago opens huge underground garage	694
Houston, Tex., to have large parking garage	738
"St. Mary's Square underground garage under construction," John J. Gould	362

GREAT LAKES

"Forecasting Great Lakes levels aids power and navigation," Louis D. Kirshner	98
Discussion by Mr. Kirshner	399

HANGARS

"Long prestressed steel truss erected for Belgian hangar," Gustave P. Magnel	652
Pittsburgh Airport hangar sets new span record	264
Prestressing reduces cost of Belgian hangar project	51

HIGHWAY RESEARCH BOARD

Data on landslides sought	340
Engineers honored by	180
WASHO Road Test completed	478

HIGHWAYS

"A highway and transportation plan emerges" (for Atlanta Freeway), M. E. Cox	141
ARBA discusses interagency cooperation at county officials meeting	753
ARBA holds Atlantic City meeting	116
Auto toll tunnel under Continental Divide voted	260
"Buildings no barrier to Chicago's Congress Street Superhighway," V. E. Gunlock	5
Committee to advise on President's road program	694
"Construction problems are mainly concerned with public relations" (on Atlanta Freeway), B. P. McWhorter	147
"Cost index developed by California Division of Highways proves its value," Richard H. Wilson	82
"Detroit pushes expressway system through congested urban area," H. C. Coons	18
Discussion correcting item on Boston Aerial Highway (Dec. '53)	105
"Expressway crosses New Haven harbor front on hydraulic fill," Ernest T. Perkins	439
Federal-state highway relations studied	51
International Road Educational Foundation set up	557
Italy plans five year expressway program	695
"Location refined and designs made" (for Atlanta Freeway), L. H. Lyle, R. C. Tate	144
"Maintenance of high-speed, high-traffic highways a difficult problem," S. E. Ridge	571
Pan-American Highway Congress meets at Caracas, July 11-21	266
"Small delays—a big problem on highway construction jobs," Fred B. Farrell	161
Swedish superhighway is opened to traffic	266
VMI host to large Virginia Road Conference	812
Why the U.S. is behind in highway construction	810
Work progresses on Santa Ana-Hollywood Freeway	54
See also Bridges, Highway Research Board, Pavements, Toll Roads and Tunnels	

HOUSING

Housing starts continue at near record levels	696
Housing starts in 1953 remain at record high	193

HYDRAULICS

Freeman Fellow finds interesting hydraulic activity abroad	309
"Hydraulic drop as a function of velocity distribution," Charles Grant Edson	814
Hydraulic Laboratory Equipment series:	
"Density currents studied in glass-walled flume" (at M.I.T. Laboratory, V.)	81
Donald R. F. Harleman	
"Stokes law confirmed by falling sphere experiment" (at Stanford Univ. Laboratory, VI), John K. Vennard	234
"More research on aerated flow needed," J. M. Robertson	805
"Resistance to flow in smooth pipes found directly," Ralph W. Powell	738
"Theodolite found useful in hydraulic testing (at Penn State Univ.)," A. F. Lehman, J. M. Robertson	740
Waterways Experiment Station observes 25th anniversary	481

HYDROELECTRIC POWER

Austria and Germany collaborate on hydro-power development	624
Huge power development planned for British Columbia	623
Robert Moses named state power chairman	263
See also St. Lawrence Seaway and Power Projects	

HYDROLOGY

New manual planned by ASCE	470
----------------------------	-----

INSTRUMENTS

Discussion on mirror-like globe used as surveying instrument, Thomas Doane Perry	393
Discussion by G. S. Druhot	542
"New deformer developed for structural model analysis," John P. Cook	538
Discussion by Francis W. Cox	681
Discussion by Otakar Ondra	817
New Swiss tripod for surveying	55
"Recording evaporation gage provides year-round record," W. J. Roberts	678
Swiss instrument firm to be represented in U.S.	622
See also Surveying and Mapping	

INSURANCE

"Applied engineering principles reduce costly accidents," William A. Lana	373
Correction by author	464

IRON

Iron-ore production at new high in 1953	480
---	-----

IRRIGATION

Conference to meet September 9-11	547
Intermountain Section host to ASCE Irrigation and Drainage Conference, Salt Lake City, Sept. 9-11	689
"Sloping sill sand screens exclude silt from Egyptian irrigation canals," Serge Leliavsky	170
Discussion by Harold Tulta	391
Closure by Mr. Leliavsky	605

JETTIES

"Mixed-in-place piles form jetty to control beach erosion," Norman L. Liver, Erwin C. Mardorf, John C. King	156
---	-----

LABOR RELATIONS

Labor recommendations affect construction	117
---	-----

LABORATORIES

Additional units planned for Brookhaven Laboratory	622
Ames Aeronautical Laboratory gets huge compressor	413

LEGISLATION

See Engineers Joint Council and department "Notes from the Capital"	
---	--

LEVEES

"Gulf Coast inlet converted to fresh-water reservoir," C. A. Weise	674
Japanese dike destroyed by typhoon	122
"Navigation maintained during construction of Smithland Cutoff and Levee" (on Black River), W. H. Holland	90
See also Dikes	

LOCKS

"Construction difficulties overcome in completing Monongahela Locks No. 2," L. L. Brink	213
"Foundation difficulties and high water overcome at St. Anthony Falls Dam and Lock on Mississippi," Duane R. Cady	505
New twin locks at Pittsburgh to expedite Monongahela River traffic	50

MAPPING

See Aerial Photography and Surveying and Mapping	
--	--

MATHEMATICS

"Nomogram solves parabolic empirical equations," Stepanos Kolupaila	247
"Tables give area of segment and length of arc," Kankichi Taira	307
"Vertical curve elevations found by addition," Curtis R. Taylor	307

MEETINGS AND CONFERENCES

International cooperation stressed at Upadi convention	688
Members attend engineering conferences in Brazil	616
Pan-American Highway Congress meets at Caracas, July 11-21	620
Resources of the United States studied at Conservation Conference	50
Third UPADI Convention scheduled for Brazil	41

1954—V

Twentieth annual meeting of American Society of Photogrammetry	193	TRAFFIC ENGINEERING		U.S. PUBLIC HEALTH SERVICE	
"Vertical curve elevations found by addition," Curtis R. Taylor	307	\$750,000 traffic study to be made in New York area	196	Engineers needed in PHS Reserve Corps	844
